

DATA CLEAN  
ROOMS  
FOR  
RESEARCH STUDIES

GUARANTEED PRIVACY FOR ALL SENSITIVE  
PATIENT DATA COLLABORATIONS

DECENTRIQ

Safely **collaborate** with  
**external research** partners

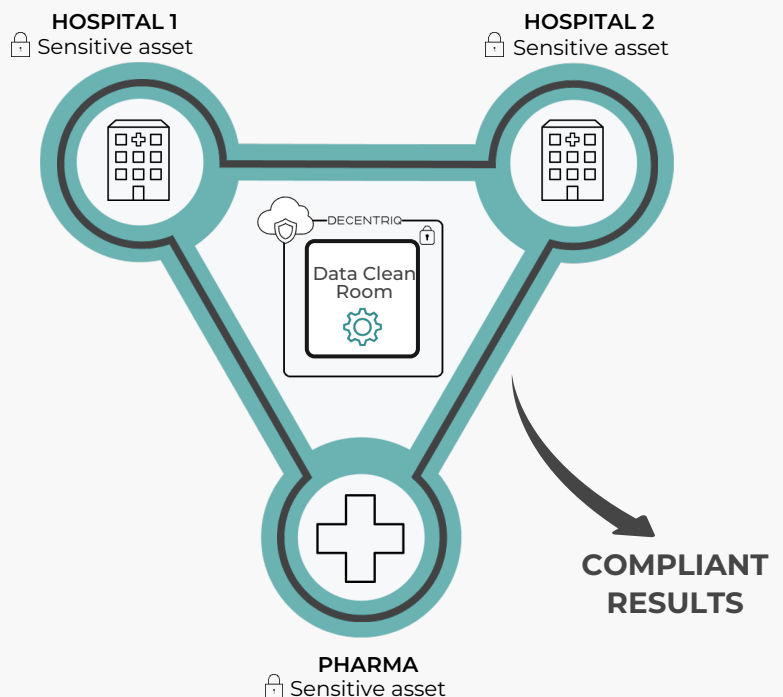

**Combine data** from  
multiple external care points

Identify patients for  
**personalized care**

## HOW DECENTRIQ WORKS

An **end-to-end**  
**encrypted approach**  
for data collaborations  
with simple  
deployment and full  
guarantees for privacy  
and legal compliance.

## WHAT MAKES DECENTRIQ DIFFERENT

### PRIVACY BY DESIGN

Nobody can see your data.  
Not us nor cloud provider.

### PROVEN COMPLIANCE

Approved for use on Swiss  
banking and patient data.

### EFFECTIVE & EASY TO USE

Flexible analytics in R,  
Python and SQL with lower  
privacy management costs.

## ABOUT DECENTRIQ

Decentriq is a Swiss-based enterprise SaaS platform providing Data Clean Rooms powered by confidential computing.

Decentriq uniquely combines confidential computing and privacy-enhancing technologies such as synthetic data and differential privacy to provide maximal security and privacy guarantees.
